

# ABOUT US

PT. Gunung Agung Sentosa was established in 2011 in Gresik as a complete solution for household and industrial needs that focuses on developing plastic storage boxes, kitchen needs starting from food preparation to serving and cleaning equipment for households, offices, hotels, restaurants, cafes, catering services, packaging and various industrial needs with the trademarks "Lucky Star" & "Omnipak".

Our hope is to become a manufacturer of quality household plastic equipment & packaging that provides the best for our customers by providing innovative and trusted products.

Our research and development team continues to strive to research and launch new products with attractive designs and the best quality to meet the domestic and international markets at affordable prices. Ultimately, we serve our customers with the best quality products at a very competitive price range, fast delivery and the best service for customer satisfaction.

As an ISO 9001 and ISO 22000 certified company with ISOQAR certification, we maintain a strict quality management system to ensure that our products meet the highest standards of quality, safety and efficiency. Our focus on quality has allowed us to build a reputation for excellence in the industry, and we are proud to serve a diverse range of clients with our products.

## **Expand Your Vision with Omnipak's ODM & OEM Services**

At Omnipak, we offer more than just high-quality packaging solutions — we are your partner in creating customized, innovative designs that meet your brand's exact specifications. Whether you need completely new designs (ODM) or prefer to brand existing products (OEM), our expert team and advanced manufacturing capabilities are ready to turn your ideas into reality.

### **Why Choose Omnipak's ODM & OEM Services?**

**Tailored to Your Needs:** We work closely with you to develop packaging that aligns with your brand's aesthetics, functionality, and sustainability goals. **Full Support from Concept to Production:** From initial sketches to final production, our in-house design and engineering teams ensure that your product meets the highest quality standards. **Faster Time to Market:** With streamlined production processes and cutting-edge technology, we guarantee efficient lead times to get your products ready for the market faster. **Cost-Effective Solutions:** By leveraging our extensive expertise and scalable production, we help optimize costs without compromising on quality.

## Our ODM Services

If you have a packaging idea but need a partner to bring it to life, Omnipak's ODM service is for you. We will:

### Design:

Collaborate with you to create a custom design, tailored specifically to your product requirements.

**Prototype:** Produce prototypes for your approval before full-scale manufacturing begins.

**Manufacture:** Deliver high-quality packaging solutions, produced using advanced materials and techniques.

**Example ODM Project:** A client in the cosmetic industry approached Omnipak to create a unique cosmetic jar that reflects their luxury brand. We designed and produced a sleek, elegant cosmetic jar, ensuring it was lightweight, eco-friendly, and visually aligned with their premium product line.

## Our OEM Services

For customers who need high-quality packaging under their own brand name, Omnipak's OEM service offers:

**Branding:** Apply your logo and branding to our pre-existing, high-quality packaging solutions.

**Customization:** Make slight modifications to dimensions, colors, or finishes to align with your specific requirements.

**Production & Delivery:** Enjoy seamless production and timely delivery of your branded packaging.

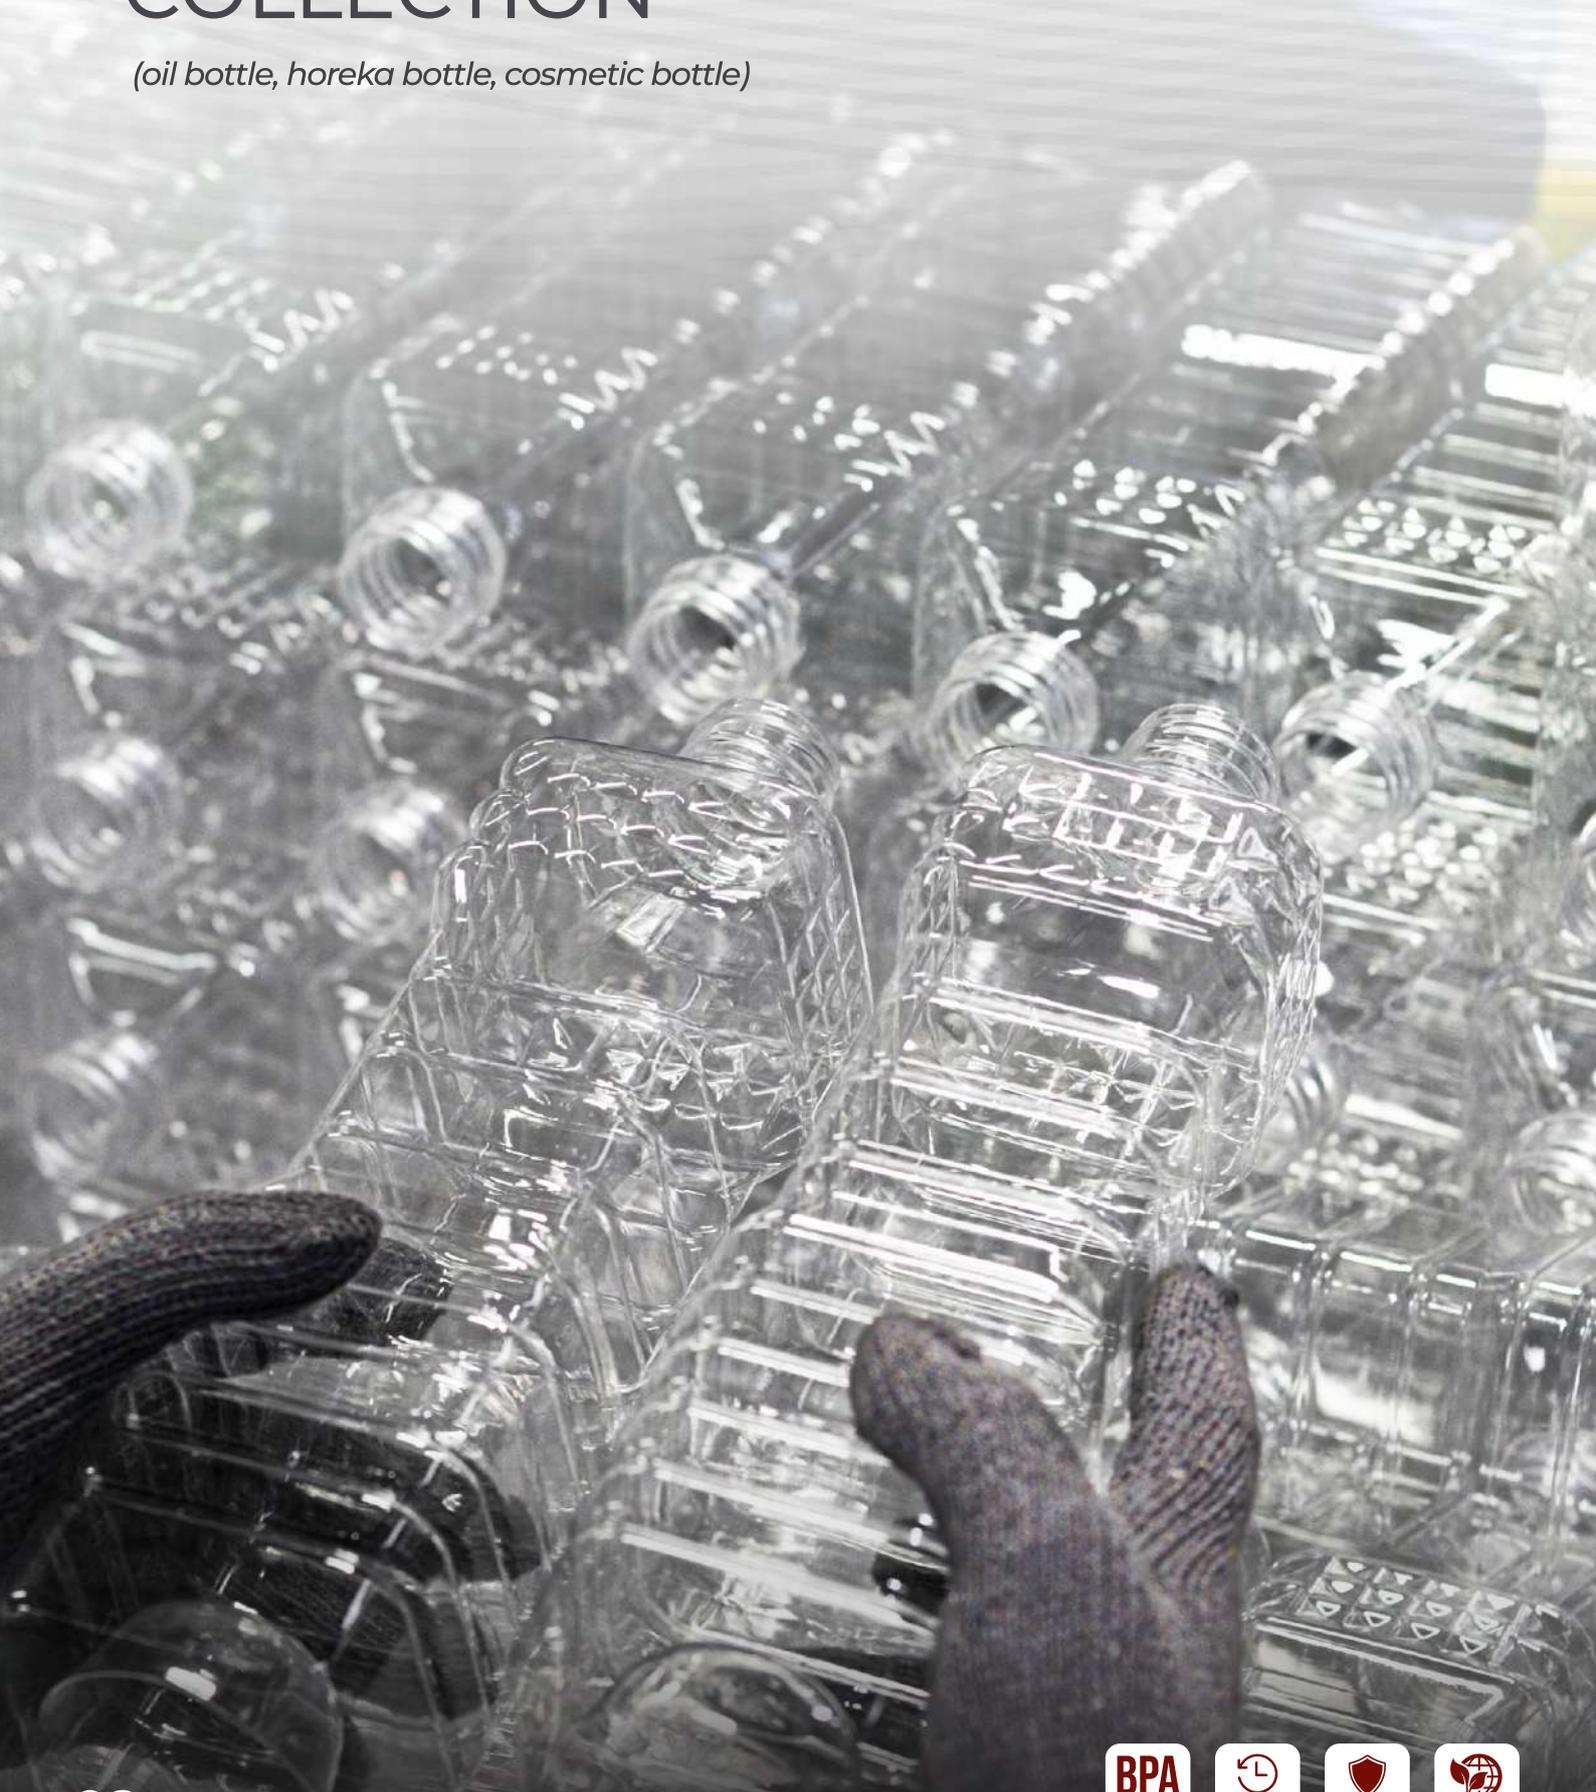

**Example OEM Project:** A well-known beverage company chose Omnipak's standard PET bottles for their new line of flavored waters.

We customized the bottle design with their unique label and cap color scheme, allowing them to launch their product quickly and efficiently, while maintaining brand consistency.
